KRTT's 2026-2027 Tennis Programs

KRTT's Philosophy of Teaching:

1. To ensure that clients have fun and improve by using dynamic, progressive teaching systems.
2. We develop tennis players to be the best athletes they can be (with an emphasis on performance over outcome).
3. We teach players the "Total" Tennis game (through training in technique/footwork, tactics/strategy, perception, decision making, and mental feedback).
4. Our privates and clinics simulate point and match situations.
5. We seek to develop game styles based on both the physical and mental skills of the player.
6. For our juniors, we emphasize life values and skills (problem solving, honesty, integrity, fortitude etc.).

Kevin Ryan Total Tennis II, Inc. is dedicated to teaching the "Total Tennis Player." Our philosophy is built on the idea that success is not just about winning and losing. It is also about the process of acquiring mental and physical skills that help players be truly successful on and off the court. KRTT II, Inc. has developed teaching systems that focus on the tactical, technical, physiological and psychological components of playing a TOTAL Game.
